

Submitter: Laurie Green

On Behalf  
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB2616

I strongly support this bill. Raw milk is a highly nutritious product, and allowing the sale at Farmer's Markets makes it much more accessible to families in our community who can't regularly get out to the farms in our community. This is also beneficial to small family farms because it gives them an opportunity to reach more consumers, and increase the support of their farms. Please vote to pass this bill.
