

Senate Committee on Judiciary:

Please vote NO on SB 579.

This is a waste of valuable legislative time.

While incarcerated, felons lose their vote. A felon has been convicted or plead guilty after loss of their vote has been explained to them once they become a felon.

Another portion of this legislation, SB 579, is ludicrous since it allows a felon to vote in a district in which the felon does not reside. When has this ever been allowed for any law-abiding citizen in Oregon? Allowing a felon to vote in this manner does nothing to help voter integrity.

Please vote NO on SB 579.

Respectfully,
