

Submitter: Julie Calderon

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2616

Dear Chair Helm, Vice-Chairs Hartman and Owens, and members of the committee,
My name is Julie Calderon and I'm excited to write in support of HB 2616.

As a responsible consumer, I want to make sure that Oregon's dairy industry follows
the best possible standards across the board, especially around raw milk.

Unfortunately, Oregon's raw milk regulations are falling behind — it is time to revisit
and upgrade our outdated raw milk laws.

For years, I've struggled trying to purchase raw milk in Oregon.

If passed, HB 2616 will ensure that Oregon producers are able to meet the growing
demands for raw milk in our state safely and effectively, by implementing nationally-
recognized testing, safety and risk mitigation measures and giving cow dairies the
same opportunities that goat and sheep dairies already have.

For licensed dairies, raw cow's milk is currently off the table. Oregon allows the retail
sale of raw milk from sheep and goats, but not from cows — no other state makes
this distinction in the retail market. It's time to fix this discrepancy and improve the
safety, testing and training standards for raw milk production across the board —
whether you're milking goats, sheep or cows.

For smaller licensed-exempt producers, HB 2616 offers critical upgrades as well. If
passed, this legislation will give small cow dairies new possibilities to grow, expand
their business and reach more consumers in this growing industry. HB 2616 will also
allow small producers more flexibility in how they get their products to their
consumers — eliminating the burdensome requirement that sales transactions take
place on-site. These small, common-sense upgrades will help both Oregon's farmers
and the customers they serve.

As a consumer myself, I am thrilled to see this bill before your committee. If passed,
this bill will help me be able to purchase raw milk for my family.

Oregon's raw milk policies are out of date and it's time for a change. This legislation
will raise the raw milk standards in Oregon and ensure better transparency, access
and accountability across the board.

I urge your support for HB 2616.

Thank you,

Julie Calderon
