On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2486

Dear Members of the Committee,

I oppose this bill for a few reasons but specifically concerned about this section, for the reason I find the previous abuse by Gov Browns and her undending overreach using ORS 433.441:

(B) If authorized by the Governor or the Director of the Oregon Department of Emergency

Management under ORS 433.441 or the Public Health Director under ORS 433.443 or 433.444, to a person three years of age or older.

There has been zero change to the ORS and I oppose creating new laws using it until its amended to included more input and checks by the legislature.

Please vote NO.
