

Submitter: Thomas Busse

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB540

Although it is politically trendy to support veterans, the reality is serving in the military is a career with an income just like any other career and there are many other professions such as underpaid public school teachers who pay full tax. This bill is bad government. When I was of military age, I wasn't even allowed to consider that career due to my sexuality.
