Committee: Senate Committee On Judiciary  
Measure: SB579

Dear Chair Prozanski, Vice Chair Thatcher, and members of the Senate Judiciary Committee:

I strongly support the right to vote for all Oregonians, regardless of whether or not they are incarcerated. The right to vote is sacred. If someone commits a crime they should not have their civil liberties taken away. Losing your freedom of movement is sufficient punishment. I know that those who vote will maintain ties to the community and this will help reduce recidivism. Please support SB 579. I know that no one is the worst thing they've ever done and I hope you agree.

Thank you for taking my testimony.

Joey Abraham
