

Submitter: Mark Cosby

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB579

Hello Senate Judiciary

I certainly hope this Legislation does not make it out of committee.

Simply this is as offensive as letting non citizens vote in our elections :(

I say this at a loss for words as of late I see the Oregon legislature attacking historical laws'

And mostly I could see a felon voting on ballot measures for "FREE" social programs and against Rule of Law.

Certainly this is a flawed Bill.
