

Submitter: TERESA ROBERTS

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB799

Please vote YES. The number of people living desperate lives on our streets has made the City unsafe for everyone. The corporate takeover of humans must stop. Corporations are NOT people. Oregon homes should be owned by Oregon humans, not foreign & domestic corporations. Only humans maintain safe neighborhoods. Corporations are making the entire world a ghetto. STOP THE MADNESS. DO YOUR JOBS. Restore sanity and safety to our lives. Give humans a chance. We cannot win against the corporations without government support. Choose your fellow human. This wasn't caused by drugs as much as Citizens United. Stable secure humans don't need to abuse alcohol and drugs. Poverty is the gateway to chaos and affects us all. Our cars are stolen. Our bikes. Our strollers. Strangers haunt our yards and porches. Our parks and greenways are unsafe. Why? We let corporations run amuck and humans are going feral. YOU LET THIS HAPPEN.

Please also address the corporate takeover of our farms. Lettuce was 29 cents a head when I was young. And it didn't poison you. YOU LET THIS HAPPEN.

OUR GOVERNMENT "servants" DECEIVE US FOR PROFIT by taking corporate donations and kowtowing to their interests, not ours. Even the Supreme Court & DOJ.

And we're not too happy with Democrats overall, but we support Oregon Democratic Leaders as better than most. DO BETTER
