Measure: HB2933

Hello,

My name is Olga Shcherbakova. I am an outreach coordinator at Slavic Oregon Social Services at Ecumenical Ministries of Oregon. We see a big need for Domestic Violence and Sexual survivors. They need a lot of kind of support to be safe: safe place to stay, housing, medical care, psychological and emotional support, legal assistance, sometimes professional orientation and financial support for first time. We have a lot of clients - and sometimes they have to wait before we can start to work with them because we do not have enough advocates and resources. We are really appreciated for all work that you are doing for our society
