

Submitter: Lynn Porter

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB799

Eugene Tenants Alliance recently participated in a state-wide Zoom meeting of renters groups. What I heard loud and clear is that many renters are scared and angry, afraid of no cause evictions and rent increases they cannot pay, which will have the same result. While I'm fortunate to be in subsidized housing, I'm very concerned about the many who are at the mercy of greedy landlords and could easily end up homeless and in danger of dying on the street. I support this bill and anything else you can do to help renters. We really need a better cap on rent increases.
