

Submitter: Sarah Hultz

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

This Bill 767 will affect where I can send my children to school. It will remove the John Adams Academy charter school from being an option in our local district, which is where my husband and I want to send our children.

Please vote no on Bill 767, for my family and the numerous others interested in this charter school.

Thank you.
