

Submitter: David Bowman
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR5

As a lifelong Hunter and fisherman, I support passage of the joint resolution to protect the rights of Oregonians to procure wild game and fish for their families.

Historically we have been a nation of Hunter-gatherers. Hunting and fishing are activities that bring families and friends together in the great outdoors and provide healthy meals as a bonus.

We should protect the right of Oregonians and all who visit here to carry on family traditions that encourage active and healthy lifestyles!

Thank-you for considering my comments.
