

Submitter: William Klagge  
On Behalf Of: OHA  
Committee: House Committee On Rules  
Measure: HJR5

To whom it may concern:

Sorry, I can't attend in person. Having the ability to go hunting means a lot to my family and I. We get to go up in the woods to see and enjoy things we can't in every day life. Sort of like a treasure hunt.

We get to harvest a deer, bear or elk, so we can take pride in providing food for our family. My family cuts, wraps and enjoys the meal together.

As a family, it feels great to get out in the woods and enjoy Mother Nature. Plus it feels good to have accomplished something as a family together.

Plus my kids learn a whole different aspect of life besides buying food at a store or fast food.

Thank you for taking time to read this.
