

**Senators Gorsek and Manning, Jr.**

**[SB 195] is long "over-due." Good Job!**

**Many Thanks to the Oregon State Police!**

I apologize for screwing up my previous submission using the "wrong [Senate Bill]". I have "No" excuse.

Most people do not have a clue what the Oregon State Police have to put up with to protect us from all harm and to risk their lives and limbs in the process.

I am indeed grateful.

I could only hope I will be instrumental some day in conveying, by statute, legislation which will classify all OSP retirements as "Tax-free Medical Retirements." You deserve this type of retirement. If you are not physically beat-up from the job when retirement day comes after many years in the saddle, then you certainly are mentally beat-up for having to deal with the Oregon State Legislature (except Senators Gorsek and Manning, Jr.).

Mr. Oregon Conkurs...Now, give the OSP well deserved and over-due pay raises.
