

Submitter: Benjamin Strand

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

HJR 5, a constitutional amendment protecting hunting, fishing, and gathering, is often misunderstood. It will safeguard our right. It will stop attempts to outlaw collecting, hunting, and fishing. The Oregon Department of Fish and Wildlife can continue to regulate these activities reasonably.

Hunting, fishing, gathering, and foraging are constitutionally protected in 23 additional states. Oregon, hunters, anglers, and gatherers cannot be ignored. This measure will help Oregon's outdoor recreationists rest easy.
