

Submitter: Lilah Grace Lake

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

My name is Lilah Grace and I am a student at Lewis and Clark Montessori Charter School.

I learned today that we may not be able to move to a new school due to this proposed senate bill. I don't understand the senate bill but I do understand losing my school family and support system due to the passing of this bill.

I like going here and feel safe at Lewis and Clark Montessori Charter School. I'd like my brother to go to school with me here too, he's 6 and has Down syndrome. Please vote no and help us keep our school family together.

Love,

Lilah Grace
