Measure: SB767

It would be ideal for us to remain inside GBSD boundaries but given an extremely limited time frame and lack of existing facilities to accommodate 17 classrooms, our choices are limited. We love Lewis and Clark Montessori Charter School and I personally have been here since kindergarden, and I can't imagine being in a different school so suddenly. Lewis and Clark Montessori Charter School has made understanding difficult subjects so easy for me. So please let us go to Reynolds district and keep the school we love.
