

Submitter: Rufus Kerkulah
On Behalf Of: Lewis and Clark Montessori Charter School
Committee: Senate Committee On Education
Measure: SB767

Are school is being forced to relocate due to the lease termination by our sponsoring district, GBSD. The campus that we are going to is less than 1000ft from the district. If this law goes through this will not only effect our school but many other schools as well. I, and many other people have learned so much and made so many good memories at this school. So please don't do this.
