On Behalf Of: Lewis and Clark Montessori Charter
Committee: Senate Committee On Education
Measure: SB767

Lewis and Clark Montessori Charter school has played a vital role in our sons education. The fact that this school has had to scramble to find a suitable facility to operate within since being notified of losing their current facility after end of school this year has been beyond devastating for the staff as well as the students and families. This measure heightens this devastation even more with the threat of closing down entirely after over 14 years of operation. Lewis and Clark Montessori Charter school should not be punished because they had to pick a facility just feet from their actual boundary line out of desperation .
