

Submitter: Aharown Luke
On Behalf Of: Lewis and Clark Montessori Charter School
Committee: Senate Committee On Education
Measure: SB767

Hi. My name is Aharown Luke and my son goes to Lewis & Clark Montessori Charter School. He has spent his entire school life there and is in the 4th grade with established friends and culture. The school district that leased us our current building broke the agreement and forced us out of our current building with only 1 year to find a new location. Our principle has found a location that is in an adjacent school district from where we are chartered. Please don't pass SB 767 as it will have the effect of closing my sons school.

Thank you.
