Committee: Senate Committee On Education  
Measure: SB767

As the parent of a child with special needs I cannot imagine our lives without Lewis and Clark Montessori charter school.

Right now our school is in the process of trying to find a new building after the Gresham Barlow school district decided to cancel our lease effective June 30th, 23. Being restricted to the district area to find a new building in such a short amount of time would be virtually impossible.

If LCMCS closes due to not having a building I don't know what we will do for my daughter. She will be unable to attend a standard public school without huge accommodations that our already taxed schools will struggle to provide.
