

Submitter: Paul Miles  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HJR5

Hello,

I strongly support passing a constitutional right to hunt. I am proud of the work Oregon has done to have wildlife that can be sustainably harvested as people have done since time began. Spending time in nature and knowing where our food comes from and how hard it is to successfully harvest an animal are incredible lessons that I hope to teach to my children.
