HB 2505 HOUSE COMMITTEE ON ECONOMIC DEVELOPMENT AND
SMALL BUSINESS

Legislature is at it again, must oppose HB 2505. Do not raise city or county threshold on cap percentage of the tax they can collect on cannabis sales. Representatives are pushing the marijuana industry to underground operations. The Oregon grow enforcement team does not and cannot catch every unlicensed grower and/or processor. If you believe that these police can raid all illegal operations, you're delusional.

Isn't it common sense to shop for the best price? Can an underground marijuana operation charge less than an overtaxed industry of growers, testers, processors, retail establishments Probably
