

Submitter: Albie Pokrob

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

I live in the Greensprings area of Ashland and a group from California is attempting to use a loophole in the law to establish a school out of our area using a very small Pinehearst elementary school to sponsor them. Pinehearst does not have the resources to oversee a large school like John Adams Academy so I hope the law will eliminate this loophole to protect other small districts.

Thank you,

Albie Pokrob
