On Behalf Of: Mr Oregon Supports HB 3006
Committee: House Committee On Judiciary
Measure: HB3006

I SUPPORT [HB 3006].

Common sense is still alive...unfortunately for some families, their children are dead.

Child "Drowning" occurs too frequently in Oregon Rivers and Lakes as a result of really stupid adult behaviors.

[HB 3006] will save lives.

Good job...don't stop.. keep producing good legislation!
