

Submitter: Terry Moore  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HJR5

I am an 81 year old native Oregonian and have been fishing and hunting most all of my life. I own 35 acres of rural land in Lane County which supports numerous wildlife species including deer and elk. I depend on my right to harvest animals and other food sources on my own property, also I fish and hunt other areas of the state.. Over the past years of my life I have spent thousands of dollars on outdoor activities, much of it for licenses, tags and related federal and state taxes. Never did I think that I would need to vote for a constitutional right to enjoy these activities, I thought that already existed and I find it absurd that this even needs such discussion. I support this bill as my land supports the many animals, birds and other wildlife that use it.
