Measure: HJR5

I am so proud and lucky to be an American. We are blessed to live where we can be free to live our lives the way we want. But nowadays there are so many different special interest groups jockeying to force their way of life on others that it is imperative to stand up and defend my personal liberty to live how I feel is best for me and my family. I have been involved in hunting and the gathering of my own food for over 70 years and have fed and taken care of my family with natural resources available to all Americans. It is our own personal way of life and it needs to be protected from those who might try to take it away. Please support HJR5 . Thank you!
