

Submitter: Monica Geyer

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

I oppose HJR 5. Is this a democracy? Do you know what that means? Please do not ignore that wishes of the majority for old school, old science (or no science), in lieu of old, outdated ways of thinking about our land use. Science is fluid. Please stay up to date. It is important to all of us, but especially the MAJORITY! Let the people speak and vote on how to use our lands for the "greater good". Thank you.
