

I OPPOSE [SB 564].

Oregon Health Authority (OHA) is not a friend of the Oregon taxpayer.

OHA has become a "bloated behemoth" or better, an "obese Vampire" sucking the lifeblood out of Oregon taxpayers.

[SB 564] carries on with the "blood sucking" variation of a Transylvanian buffet as a GENERAL FUND budget allocation in the amount of, [\$12,000,000] is placed upon the taxpayer's alter, ready for sacrificial approval.

Sorry folks I OPPOSE funding additional "race based arguments" used to , **"Provide funding to regional health equity coalitions." Equity is not Equality.**

I further do not support:

"(3) Allocate \$2,200,000 to regional health equity coalitions to be used for:

(a) Facility costs;

b) Costs related to programs providing child care, transportation and interpretation and translation services;

and

(c) Stipends paid for regional health equity coalition members attendance at meetings."

David S. Wall

Mr. Oregon Conkurs...Pound a wooden stake in OHA's budgetary heart.
