

Submitter: Tina Truax

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

I urge you to oppose SB767. We need more school options for parents who are concerned for their children's education. Charter Schools are an important alternative to our current school system. As a tax payer, I am concerned about the current state of our regular schools. They seem to be more about social engineering than basic education and preparing our children to face the real world. By opposing this Bill you can show your commitment in representing the will of the people and parents rights in choosing their child's education.
