

Submitter: Lance wooderson

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

Ive been hunting my whole life. It's been a family thing. It's been a way for me to provide ethically taken food for my family. It gets us outdoors and in touch with nature...it's the reason I to to work everyday and keep paying these rediculuos Oregon taxes. I was born in bend and have lived in central Oregon most my life... There are less and less reason for me to stay an Oregonian. I work. I pay taxes. I hunt fish camp etc ...beith out the latter there is now reason to keep being the former.
