Hello House Judiciary

Forgive me if I believe this bill is focused on a targeted fraction of organized madness in Oregon :(

I would hate to think we are addressing "right wing factions" when I seen Antifa, BAMN and others put on football pads, base ball helmets and carry flash bangs and fire bombs in the streets of Oregon.

I have seen police stood down while violent protesters pushed burning dumpsters up against occupied ICE Facility and Police dispatch buildings in Portland.

Since 2015 I have seen very selective enforcement of "Rule of Law" . and It appears Portland will never recover from gang activity while the Oregon Legislature defunded and defanged the police. (SB 1510) is a most offensive legislation in the time of Rioting.

I have lived in Oregon since Feb 1962... I have seen Bog Whan dealt with over poisoning people... and I have seen Muslim Hot Cell near in Eastern Oregon halted. For last several years while Legislature was defunding and defanging police I seen Drug Cartels run slave camps in Oregon (most offensive thing I have ever seen this legislature do). And to think we are spending over \$500 Million to upgrade the capitol (which had a 2015 replacement value of \$17 Million). Yet we gave \$21 Million in 2020 legislature to address Slave camps in Oregon . I AM OFFENDED...

Legislation should be blind and rule of law must be equal in application.

So If I have a miss conception of this Bill I apologize.
