

Submitter: Mark Olson

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

My name is Mark Olson. I am a lifelong resident of Oregon. We were raised fishing a small stream near our home. When I was old enough, I began hunting with family and friends as I do to this day, as do many of my friends and neighbors. We all rely on this bounty to feed our families. Please preserve these activities for future Oregonians to enjoy. Please support HJR5.

Respectfully yours,

Mark Olson
