

Submitter: Jed Abbott

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

Have been a resident of Oregon for almost 50 years. I am the 3rd generation and my kids are the 4th, our family has always hunted and fished for subsistence. To have this right taken away is a bold shot at our given right to provide for our family. I strongly support this bill to protect our rights to provide for ourselves.
