Measure: HJR5

I oppose submitting HJR 5 as a constitutional amendment to the ballot because; 1. it's unnecessary for those who already hunt etc., 2. wildlife has significantly diminished already during my 80 years. (I am rural farmer and forestland owner and from a hunting, fishing family.) and I don't find it wise to allow a constitutional amendment to restrict further protecting wildlife by law. 3. the testimony opposing HJR5 was compelling and from my experience, I agree with their points and arguments.
