Comprehensive review = add: under ORS _____ to _____

Methodology used = add: under ORS _____ to _____

Limited language of law keep the parent/guardian uninformed, recently found that Oregon Education Department has a sexuality manual for district and teachers. When did Oregon voters approve of a curriculum that included gender identity, and the right of schools to keep a child's supposed gender identity confession secret to the students household? The human brain does not develop until age 25 or beyond. Give that a good long think State Representatives and Senators, the influence the Oregon Public School system is pandering to, is a harm to children and their childhood.
