

Submitter: Janice Flegel  
On Behalf Of:  
Committee: House Committee On Revenue  
Measure: HB3085

Chair Nathanson and Committee,

As I read this bill I see there are people that will be hurt if they have a lien against personal property when someone doesn't pay their property taxes. I believe that the personal property didn't really belong to the nonpaying property tax owner anyway. This is a poorly thought out bill and should not be passed out of this committee.

Please oppose HB3085
