

Submitter: Alexandra Bruckner

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2572

I oppose HB 2572. This bill needs more specific language as it is vague and subjective. This bill would stifle the 1st (the right to assembly) and 2nd (the right to bear arms) amendments in the Bill of Rights. I oppose this bill and urge you to do the same. It appears the majority of constituents agree that this bill should be opposed.
