

**I SUPPORT [HB 2304].**

I support the creation of basically, a retirement home for retired Law Enforcement Dogs.

The proposed vetting of the non-profit organization appears well constructed.

Personally, I have plenty of space at my slice of Heaven and I would like a couple of the Dogs.

The Dogs would be very well cared for; plenty of time outside and when it is nighttime and or inclement weather they would be indoors keeping me company.

The Secretary of State has my address and phone number.

I hope I can be of assistance.
