

Submitter: James Wang

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

I write in vigorous support of this legislation. I left my home country of Australia to study in the US, only to learn that the wealthiest and most prosperous nation in the world doesn't provide accessible and affordable health care to all its citizens. As a result, I've spent countless hours over the years navigating the maze of our private and fragmented health insurance system. Please fix it.
