

Submitter: Fletcher Ray

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB2889

Wishcamper Development Partners is one of the most active affordable housing developers in Oregon with more than 750 units currently under construction in Bend, Roseburg, Portland, Beaverton, and Tillamook all serving 60% and below AMI residents. Wishcamper strongly supports HB 2889 as a critical step towards addressing Oregon's housing crisis. HB 2889 is an opportunity to create, review, and continually update best practices that can be used by cities and jurisdictions to help reach housing production goals. Concentrating this technical assistance within DLCD will allow these best practices to be shared in a collaborative and efficient way so that individual cities aren't operating in a vacuum while trying to find ways to promote and stimulate the production of additional housing.
