

Submitter: Carly Rodriguez

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB2457

Direct Support Professionals (DSPs) are critical to helping our most vulnerable Oregonians live as independently as possible. HB 2457 provides an increase in wages for DSPs, which will help with both recruiting and retention of these difficult-to-fill positions and goes a long way toward ensuring all Oregonians can access the services they need to live fulfilling lives. Thank you!
