All ROBO calls should be banned outright.

The foreign based calls asking to take control of your computer. I have had a virus on my computer with installed on my computer with a button that led to what appeared as a legitimate "Microsoft Customer Service" webpage. The male voice again and again wanted to take control of my computer to fix the problem. He wasn't successful. The virus was remove later.

Everyone has at least one ROBO call or another to try to scam us.

I almost forgot, in Yamhill County we have had several candidates running for public office who use ROBO calls for their campaigns.

Political ROBO calls from all sorts of "scumbag politicians" are sometimes targeted during breakfast, lunch and dinner.

Good Job with [HB 2759]!

David S. Wall
Mr. Oregon Concur.
