

Submitter: Donna Hammond

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3022

There should never be such dangerous detachment from the limits of law making; designed & detailed in the Constitution. Only the Legislature has the authority to create laws & only within the constraints given.

No other entity has any such power to invoke its will (unlimited by anything) upon this people.

I support this bill to the extent it stays within the confines of the Constitution.
