

Submitter: Jennifer Thomas

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB2457

The 2021 Legislature made a historic investment in services to people with intellectual and developmental disabilities (I/DD) and for the first time the I/DD system was FULLY FUNDED. Even though this investment allowed us to increase wages for DSPs by \$1.25 an hour (current average reimbursement wage for DSPs at \$17.81), providers still report an average DSP vacancy rate of 23%. Additional increases in wages are needed to address the current workforce shortage. Per a recent ORA survey, 85% of providers are no longer accepting referrals to serve new people and 86% have reduced capacity or closed services and anticipate closing additional services. DSPs deserve a living wage. Please support HB 2457.
