

Submitter: Bridget McBride

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB2510

You must consider funding and supporting our Fairgrounds industry. There must be sufficient lottery funds going to this important community feature. Over the years we have enjoyed the annual fairs, we have supported students and neighbors that participated in 4-H and OHSET, we have used fairgrounds for horse shows in previous years and in 2020 was forced to evacuate horses to the fairgrounds in McMinnville to escape a wildfire that was less than 2 miles away. Fairgrounds are valuable to our state and our community. The loss of them would be devastating. Our fairgrounds deserve the full 1% of our lottery funds. Just think of what they could do not hobbled by the current statue! Thank you for your consideration.
