Measure: HB2089

Hello,

My name is Wylie Stokes. I am the Outreach Director for Phoenix Wellness Center. Measure 110 funding has allowed Phoenix to grow our team of Recovery Mentors and reach many people who would not have otherwise gotten services. We are able to provide services to individuals who are uninsured or under insured. We are able to provide services to uninsured individuals who are currently incarcerated and not otherwise been seen. We have partnered with our local law enforcement and are able to respond immediately when law enforcement reaches out with individuals asking for help.

I am apposed to the reallocation of measure 110 funding. I am myself am a person in long term recovery from substance abuse. I see daily how measure 110 funding is helping my community by expanding resources. HIPPA prevents me from giving client information , but I could give many examples of individuals whose lives have changed and by measure 110 and the positive impacts.

I am open to speaking anytime on the issue.

Thank you
