To Whom it concerns,

I am very thankful to have had the Lane county fair grounds to be such a positive memory of my childhood. I honestly believe that the county fair gave me something to focus and count on each year. I would practice riding my horse for hours each week hoping for blue ribbons or better. I also had family and friends that participated in baking and gardening events. I am a productive and gainfully employed person who can honestly say that the fair grounds had a positive influence in that. I truly think the fair grounds deserve additional funds.

Thank you for your help to provide this great place for growth in our community.
