On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB576

I want to support an important bill that will allow folks receiving a disability check to work at a job without losing their OHP. SB 576 Assigned to Senate Human Services. I have an adult son with a disability who just got a letter threatening his OHP without paying a premium, small one , but he is only now able to get a very small job. We in our family have worked out whole life to encourage our son to see the values of government programs and engagement. We are appealing his notice, but we can see that the current regulations about OHP means that he loses at least a quarter of his salary which he just started getting to the current practice This Bill SB 576 is a good way to mitigate the negative consequences of getting a job . He is looking for a sustainable life with such a small disability check.
