

Submitter: Brandon High

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2571

As an Oregonian, I believe in the importance of sustainable transportation options. eBikes provide a convenient and efficient way to make trips and commute, even to areas outside the city center. This innovative technology also allows us to arrive at work and other destinations without the need for a shower, making it a practical and enjoyable mode of transportation. By supporting this bill, we can make eBikes more accessible and affordable to everyone in our community. Let's vote in favor of a greener and more enjoyable future for Oregon.
